La Secretaría del Organismo Internacional de Energía Atómica (OIEA) saluda a los Estados Miembros del OIEA y tiene el honor de señalar a su atención la celebración del **Taller Internacional sobre Medidas de Seguridad Física Nuclear y de Respuesta a Emergencias en Eventos Públicos Importantes** (denominado en adelante el “evento”), que tendrá lugar en Washington DC (Estados Unidos de América) del **1 al 5 de agosto de 2022**.

La finalidad del taller es mejorar el conocimiento y la comprensión de los participantes acerca de la planificación y la ejecución de medidas de seguridad física nuclear y de respuesta a emergencias en eventos públicos importantes.

En la reseña informativa adjunta se ofrecen más detalles sobre el evento.

El evento se celebrará en inglés.

Se invita a los Estados Miembros a designar a una o más personas para que participen en este evento en representación de su Gobierno y se los alienta encarecidamente a que seleccionen con ese fin a mujeres calificadas.

Por lo general, el OIEA no está en condiciones de sufragar los gastos de viaje ni de otra índole de los participantes en el evento. No obstante, dispone de fondos limitados para ayudar a cubrir los gastos de asistencia de determinados participantes. Esa ayuda puede ofrecerse normalmente, previa solicitud expresa, a un participante por país siempre que, en opinión del OIEA, la persona para la que se solicite pueda hacer una contribución importante al evento. La solicitud de apoyo financiero debe presentarse en el momento de la designación de los participantes mediante el formulario de solicitud de subvención adjunto (Formulario C).

Cabe señalar que el OIEA no paga ninguna indemnización por daños o pérdida de efectos personales. Tampoco proporciona seguro médico a los participantes en eventos del OIEA. Por lo tanto, se recomienda que estas personas adopten las medidas necesarias para contratar por su cuenta un seguro privado. No obstante, el OIEA cubrirá mediante un seguro los accidentes y las enfermedades claramente relacionados con los servicios prestados al OIEA.

Las designaciones deben presentarse al OIEA por conducto de la autoridad nacional competente (el Ministerio de Relaciones Exteriores, la Misión Permanente ante el OIEA o la Autoridad Nacional de Energía Atómica), a más tardar el **13 de mayo de 2022**, por medio del formulario de participación adjunto (Formulario A). Los formularios de participación debidamente cumplimentados y autorizados deben enviarse por correo electrónico a la dirección Official.Mail@iaea.org o por fax al

número: +43 1 26007 (no se precisan copias impresas). Asimismo, han de enviarse copias por correo electrónico a la Secretaria Científica del evento, Sra. Elena Paladi, División de Seguridad Física Nuclear, Departamento de Seguridad Nuclear Tecnológica y Física (correo electrónico: E.Paladi@iaea.org), y a la Secretaria Administrativa, Sra. Eva Rados (correo electrónico: E.Rados@iaea.org). Una vez recibidas las designaciones oficiales, la Secretaria Científica del evento contactará directamente a los participantes en relación con otras cuestiones de organización, como los detalles del viaje, según proceda.

La Secretaría del Organismo Internacional de Energía Atómica aprovecha esta oportunidad para reiterar a los Estados Miembros del OIEA el testimonio de su distinguida consideración.

International Workshop on Nuclear Security Measures and Emergency Response Arrangements for Major Public Events

Hosted by the

Government of the United States of America

through the

U.S. Department of Energy (USDOE)

Washington, DC, United States of America

1 - 5 August 2022

Ref. No.: EVT2102653

Information Sheet

Introduction

A major public event (MPE) is a planned national or international event, classified by the State as ‘major’, requiring the implementation of safety and security plans. The organization of an MPE in which a large number of people congregate, such as a sporting contest or high-level political meeting (which could include high-ranking State authorities), presents complex safety and security challenges for the State hosting the event.

Major public events draw great public interest and can receive intense media attention. This makes them attractive venues for demonstrations, protests, violence, or any other action that can be made to bring awareness to a cause. One particular area of concern is organizations which might use these events as stages for criminal acts and acts of terrorism, including the use of nuclear or other radioactive material.

Levels of security and surveillance at these events have steadily increased in recent years. The intent of these actions is not only to protect the public from an attack, but also to deter terrorists from attempting

to act by overtly displaying a show of force (i.e. increased presence of visible security and law enforcement), and implementing a strong monitoring presence (i.e. metal detectors, X-ray scanners, explosives detectors).

Objectives

To enhance participants' awareness and understanding of the planning and execution of nuclear security and emergency response plans in support of the overall security and safety for an MPE. The course will provide best practices for the application of technical and administrative measures for: (i) developing the necessary organizational structure; (ii) developing nuclear security and emergency response plans, strategies and concepts of operations; and (iii) arranging the implementation of the developed plans, strategies and concepts.

Target Audience

The workshop is intended for the lead or supporting organizations responsible for planning, preparedness and/or response to safety and security matters. The workshop is open to a maximum of 30 participants who should have duties related to the prevention and detection of, and/or response to, nuclear security events or nuclear and radiological emergencies.

Participants should represent, for example, the following organizations: law enforcement; radiation safety and security; fire and ambulance services; other support organizations, including public information.

The designated participant must be responsible for the implementation of nuclear security measures or emergency response arrangements in situations involving nuclear and other radioactive materials. In addition, they should be in a position to sustain activities related to nuclear security or emergency response within their respective organizations upon completion of this workshop.

Working Language(s)

English

Participation and Registration

All persons wishing to participate in the event have to be designated by an IAEA Member State or should be members of organizations that have been invited to attend.

In order to be designated by an IAEA Member State, participants are requested to send the **Participation Form (Form A)** to their competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) for onward transmission to the IAEA by **13 May 2022**. Participants who are members of an organization invited to attend are requested to send the **Participation Form (Form A)** through their organization to the IAEA by above deadline.

Selected participants will be informed in due course on the procedures to be followed with regard to administrative and financial matters.

Participants are hereby informed that the personal data they submit will be processed in line with the [Agency's Personal Data and Privacy Policy](#) and is collected solely for the purpose(s) of reviewing and assessing the application and to complete logistical arrangements where required. Further information can be found in the [Data Processing Notice](#) concerning IAEA InTouch+ platform.

Expenditures and Grants

No registration fee is charged to participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event.

The application for financial support should be made using the **Grant Application Form (Form C)** which has to be stamped, signed and submitted by the competent national authority to the IAEA together with the **Participation Form (Form A)** by **13 May 2022**.

Visas

Participants who require a visa to enter United States of America should submit the necessary application as soon as possible to the nearest diplomatic or consular representative of United States of America.

Tel.: +43 1 2600 21407

Fax: +43 1 26007

Email: E.Rados@iaea.org

Subsequent correspondence on scientific matters should be sent to the Scientific Secretary and correspondence on other matters related to the event to the Administrative Secretary.

Participation Form

International Workshop on Nuclear Security Measures and Emergency Response Arrangements for Major Public Events

Washington, DC, United States of America

1 to 5 August 2022

To be completed by the participant and sent to the competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA, or National Atomic Energy Authority) of his/her country for subsequent transmission to the International Atomic Energy Agency (IAEA) either by email to: Official.Mail@iaea.org or by fax to: +43 1 26007 (no hard copies needed). Please also send a copy by email to the Scientific Secretary E.Paladi@iaea.org and to the Administrative Secretary E.Rados@iaea.org.

Deadline for receipt by IAEA through official channels: 13 May 2022

Representing following Member-State/ non-Member State/entity or invited organization:		
Family name(s): (same as in passport)	First name(s): (same as in passport)	Mr/Ms:
Name of Institute/Affiliation:		
Address of Institute/Affiliation:		
Tel. (Fax) Office/Mobile:		
Email:		
Date of birth (YYYY-MM-DD):	Place of birth:	
Nationality:	Passport number:	
Date/Place of issue of passport:	Passport valid until:	

1. Education (post-secondary):

Name and place of institution	Field of study	Diploma or Degree	Years attended	
			from	to

2. Recent employment record (starting with your present post):

Name and place of employer/ organization	Title of your position	Type of work	Years worked	
			from	to

3. Description of work performed over the last three years:

4. Relevance of the event:

How do you envisage applying the knowledge and/or experience gained from the event to your current work role?

5. Language skills:

Enter your languages and your proficiency per Description

Mother tongue:		Proficiency Description:
Language:	Proficiency:	
		FLUENT (F): Speak, read and write nearly as well as mother tongue
		WORKING KNOWLEDGE (W): Speak, read and write nearly as well as mother tongue Engage freely in discussions, read and write more complex material
		LIMITED (L): Limited conversation, reading of newspapers, routine correspondence

6. Medical Status

Both the designating authority and the applicant acknowledge that the applicant shall be solely responsible for his or her fitness to travel, as well as for any medical requirements or precautions in connection with traveling to the event, including vaccinations or immunizations.

Yes

Date: **Signature of applicant:** _____

Date: **Name, signature and stamp of Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority** _____

Participants are hereby informed that the personal data they submit will be processed in line with the [Agency's Personal Data and Privacy Policy](#) and is collected solely for the purpose(s) of reviewing and assessing the application and to complete logistical arrangements where required. Further information can be found in the [Data Processing Notice](#) concerning IAEA InTouch+ platform.
